

Members Comment on AGM 2026

I enjoyed participating in the lovely lunch in Hamilton for our National AGM which was done in a new way - a hybrid zoom meeting. There were some technical hitches, especially with setting up and it was difficult to cope with the fact that not all the participants outside of Hamilton were actually on mute during the meeting and we, in the Hamilton venue, could hear everything they were saying. I look forward to next year's meeting, if it is done in the same way and, hopefully, the glitches will be smoothed out. [Congratulations](#) on even trying something new and different! If we can make it work well, the system will definitely be a saving on the air fares and accommodation costs that the Society has had to cope with in the past, and the new way encourages more people to be in attendance.
